Storytellers

Tell - Share - Inspire

Introduction

- The goal of the project is to offer a platform for writers, or anyone who has a story to tell, to share their stories with potential readers.
- The value of the project consists in making the stories easily accessible to potential readers in a communal and engaging setting that motivates readers to read and inspires writers to write.

Expected List of Features

- Users can post stories
- Users have a profile account where potential readers can connect with them, read their stories, and follow them.
- Users can share the stories in social media platforms.

Market Survey

While these companies offer platforms for writing and sharing stories, they seem to be designed for formal and well written stories by competent writers. They lack the simplicity in form and structure that ordinary people often use to express their daily encounters and experiences.
